# GREENSAND RIDGE PX CASK GIN

50cl | 41%

For our PX Cask Gin we allow an adapted version of our award-winning London Dry Gin to rest in European oak casks, previously used to age Pedro Ximénez sweet sherry.

The sweet, spicy and intensely rich character of the PX cask is layered on top of our already complex and aromatic gin to present a fully flavoured spirit, capable of everything from a sipping serve to a big spiced punch.

Greensand Ridge is an award-winning, carbon neutral distillery specialising in Gins, Rums and Fruit Brandies, making spirits with provenance, using sustainable practices and turning surplus produce from local growers into fine spirits.

## TASTING NOTES & SERVES

The raisin and molasses spice of the PX drench the tastebuds, with a honey sweetness and warm woody spice, lifted by bright orange citrus.

Extraordinarily smooth, the finish goes on and on with the overall impression of taking a walk through sun-drenched pine forests while eating a Christmas pudding.
